Panel Built designs and manufactures custom modular restroom facilities for any industry.

ADA compliant, our modular bathrooms come complete with all materials and hardware to quickly and easily install in your facility.

## Modular Restrooms

Available in a variety of layouts and finishes, a Panel Built modular bathroom can be shipped in a “knocked-down” or as a pre-assembled unit ready for final electric and plumbing tie-in.

Ideal for remote location man-camps, military barracks, or just added restrooms within your current facility. The restrooms are available with all necessary accessories.
