Superior Construction

Panel Built’s steel line fabricates powder-coated structural steel mezzanines and stair systems to your specifications—with custom sizes, heights, spans, decking materials and landings. Heavy-duty and long-lasting, Panel Built is your single-source mezzanine system provider.

“PBI was the GC for our new office in Wyoming. They did a great job on our building despite weather and labor shortages. We had many changes during construction and they always made them happen.”

- Jim Wilson President

TECHNICAL INFORMATION

Features
- Modular bolt-together systems
- Sturdy handrail with 4" kickplate
- Heavy-duty columns & baseplates
- Heavy-duty prefabricated stairs and accessories
- 4-MIL powder coated steel components provide a superior level of durability against abusive, corrosive applications

Standard Decking Options
- Advantech - This is a high quality product superior to ordinary plywood and OSB options due to its enhanced strength, stiffness and moisture resistance.
- ResinDek - This is high density composite flooring, recommended for mezzanines requiring a solid floor subject to heavy loads from the use of pallet jacks, carts or dollies.
- Diamond Plate - This steel decking is considered to be our second most durable flooring.
- Concrete Flooring - The most durable type of mezzanine flooring by far is concrete.
- Press-locked Grating - Steel grating, commonly referred to as bar grating or press-locked grating, is a common choice in the waste management, mining, and food service industries.

Standard Color Options
- 39/40010 Royal Blue
- 39/80010 Gloss Black 80+
- 39/20020 Safety Yellow
- 39/30100 Fire Engine Red
- 39/10100 ASA-49
- 39/10100 Sky White

Applications
- Catwalks
- Sport Facilities
- Observation Office
- Storage
- Range Towers
- Aerospace Applications
